

CRESTO, CORE ACTIVE, RESCUE 1154R

Harness 1154R

- Max 150 kg user weight
- Manual buckles
- One-size

Standards: **EN 361 : 2001** **EN 1497 : 2007**

Product description

Core Active is a harness in a simplified design with manual buckles and connection points on the front and back, plus an extra D-ring for rescue and lifting.

The harness is a one-size harness with high-quality components and Cresto standard NordGuard webbing. It is an economical and smart solution for situations where the harness will need to be replaced due to paint, oil, or epoxy. The extra rescue D-ring in the back is certified as a normal connection point "A" as well.
