Product description

Cresto Fusion Pro Wind 1138 – Rescue-Ready Safety Harness with Luminous D-Ring and Ergonomic Seat Support

The Cresto Fusion Pro Wind 1138 is a high-performance full-body harness designed specifically for professionals working at height in the wind energy sector. Built for endurance, comfort, and rescue readiness, it combines advanced safety features with a fit that adapts to the demands of offshore and tower-based tasks.

The harness is equipped with a helicopter-rescue-approved front D-ring and a rear D-ring with self-luminous functionality – providing enhanced visibility in low-light or confined environments. A unique teardrop-shaped webbing construction beneath the seat distributes pressure more evenly during suspension, reducing fatigue and improving ergonomics in case of a fall or extended hang time.

Constructed using Cresto's signature NordGuard™ polyester webbing, the Fusion Pro Wind withstands extreme environmental temperatures from -40°C to +100°C. Coated steel D-rings and AustriAlpin quick-release buckles ensure top-tier corrosion resistance and ease of use, even with gloves or in wet conditions.

Product properties

Brand:	Cresto
Material:	Polyester Nordguard™
Min/Max load (kg):	30 / 140
Maximum load (kg):	140
Maximum number of users:	1
Min/Max working temperature (c):	- 40 / 100
Minimum working temperature (c):	-40
Maximum working temperature (c):	100
EN-standard:	EN 358 : 2018, EN 361 : 2002
Other standards:	ANSI Z359.11-2014
Notified body:	1019, VVUU, a.S., Pikartska 1337/7 716 07 Ostrava - Radvanice Czech Republic
Annual inspection:	Yes, every 12 months
Life span:	10 + 2 years. Product lifecycle 10 years + 2 years stock keeping
RFID:	Yes

Warranty:	2+1 year when registered in Inspector
Declaration of Conformity:	Yes
Minimum breaking strength - MBS (kN):	22
Chest buckles:	Quick buckles in aluminum with stainless components Strength >22kN
Leg buckles:	Quick buckles in aluminum with stainless components Strength >22kN
Front A-point:	Plastic overmoeld steel ring in self luminus PVC 53 mm
Back A-point:	Plastic overmoeld steel ring self luminous PVC 53 mm
Side D-rings:	Plastic overmoeld steel ring in black PVC 53 mm
Back adjuster:	Quick adjustable painted steel buckles
Side adjuster:	Quick adjustable painted steel buckles
Adjustable under load:	Yes
Padding material:	Breathable 3-D mesh
